AGC ORIENTEERING CHAMPIONSHIPS HANKLEY - 24 OCT 18 ADMINISTRATION INSTRUCTION

General

1. **Introduction.** The 2018 AGC Orienteering Championships will take place on Wed 24 Oct 18 at Hankley. The Championships are open to all AGC Regular and Reserve individuals and units worldwide and is intended to be a fun competition suitable for all standards. The AGC Championships will be run in conjunction with a Military League South (MLS) orienteering event.
2. **Aim.** The aim of military orienteering is to enhance physical fitness and to contribute to operational effectiveness, fighting spirit, morale and personal development. In accordance with Reference A, orienteering in the Army is classified as individual military training, a distinct form of navigation training, normally taking place in rural areas (although many camps are now mapped) where it is possible to navigate freely between control points on foot. It can be used as a component of Military Annual Training Test (MATT) 5 - Land Navigation, a mandatory annual competence test for Army personnel.
3. **Duty status.** In accordance with References A and B, participants will be classed as being 'On Duty'. Personnel are to ensure an appropriate entry is placed on their Unit Part One Orders.

4. **Format and scoring.** In order to provide a viable competition for all abilities, aimed at increasing participation, the format will be a one-hour Score event. In this format the runner (as an individual) has to visit as many controls as possible within 60 minutes, recording which controls they have visited with their electronic timing card (EMIT). For each control visited 10 points will be awarded, with penalty points deducted¹ for exceeding the 60 minute time limit. The person with the highest score, after any penalties have been taken into consideration, is the winner. The same principle applies for the team competition with scores being added together; the team with the highest aggregate score is the winner (see para 6 for team composition).
5. **Event location.** The competition is being held at Hankley. The entry to the event site is at Grid Reference (GR) SU896406 (OS Explorer Map Sheet 186), with the nearest Post Code being
