What to expect, what to do this is NEW for the Summer Series.

- Follow the signs and the marshal's directions to the parking area.
- Make every reasonable effort to arrive at the event in time for your allocated start window, including allowing time to get all names ticked off at the registration tent and collect your hired ecard. **All must go to registration.**
- All competitors must ensure they are fully hydrated before starting, there will be NO water at the start, on the course or the finish. Carry water, reduce your course length or walk the course to ensure you achieve your aim safely, if weather is hot.
- There is no key drop for your car keys. Leave your car fully dressed with all your kit, laces taped, and ready to race. Control descriptions are in the start lanes. No more than 6 in the registration queue, or in a start lane at any time and always at least 2m apart.
- Move to the start location keeping aware of social distancing. No more than 6 people in each lane area, that includes the start marshal. Pick up your loose control description. Start at your given time and enjoy your run.
- While you are out on your course, keep your distance from other runners and users of the area. If someone is already at a control, wait for them to leave before approaching.
- From the finish walk back to the registration/download tent. This is the time when you present the most risk to others - you're sweaty and in oxygen debt, so take your time to recover. Please be aware of your actions and aware of others. Download, ensure your time is written down and return hired ecards. Head to the car park, toilets, refreshments and home. Have a safe journey.
- Using hand sanitizer on arrival, registration, start, finish, download and departure and each visit to the toilets.

No Download No Result!

Have fun and enjoy the woods
