Event Information

Entry Process

To enter yourself, your soldiers or friends and family, you will need to create an account on RaceSingUp; there is a link to event just above this text.

Entries close at Midday on the Tuesday before the event. Entries can't be withdrawn or changed after then. Late entries accepted up to 8pm for an additional £1.

Once you have an account you can enter one or multiple people up to a maximum of 20. Once someone's details have been entered they can be recalled for future events. Payment is made at the end of the process with a bank card. If you need to withdraw, the fee will be credited to your "account" and can be used at future MLN-O events

What to expect, what to do

Please make every reasonable effort to arrive at the event in time for your allocated start window, including allowing time to report to Reception.

Please park carefully as we will be sharing the space with the host unit and there is limited space.

There will be a key drop for your car keys at reception. Leave your car fully dressed with all your kit, laces taped, and ready to race.

Loose control description will be provided at the entrance to the start lanes, EXCEPT for the Red course.

Start in your given window and enjoy your run.

While you are out on your course please keep your distance from other runners and users of the area. The event is touch-free - you only need to waft your eTag above the control.

From the finish walk back to reception. This is the time when you present the most risk to others - you're sweaty and in oxygen debt, so take your time to recover.

At Download collect your splits print and return your Tag, head to the car park and home. Have a safe journey.

Travel Directions
